## ABOUT TAMMY

Tammy has been holding hands and kicking ass her whole life and has been doing it professionally since 1993. Starting her first business in 2002 she has been on a mission to educate and empower people to be their best in business and in life.

She is on a MISSION to dramatically improve the success rate of new businesses by teaching them the basic, foundational skills they need to first survive and then go on to thrive.

Tammy is practical, honest, and well known for her ability to explain complicated or "boring" subjects in a way that makes sense and makes people want to know more.

She has been a very active and well received podcast guest.

## TAMMY'S POPULAR TOPICS

### Systems: Moving you from chaos to business success

Do you feel that you are constantly running around in circles trying to get everything done? By setting up simple, yet unbelievably effective, systems you can get more done, in less time, and deliver higher quality.

### Creating your winning team

No one succeeds on their own. Everyone needs help from beginning to end in business, but we need to make sure we have capable, competent help. People that know what they are doing and sincerely care about helping us succeed.

### Business Financials: Learning the great stories your numbers tell you

The one subject that most business owners avoid and hide from is their financials. They think they are complicated and scary and only face them when there is a problem. This is a mistake that is costing you a lot of money and opportunity. Learning the stories that your numbers tell you helps you grow your business faster and easier.
